

Growing Philanthropy and the Fundraising Profession

### **2011 NDOA Professional Achievement Award Call for Nominations**

In 1985, NDOA presented its first professional achievement award, known as the *Development Officer of the Year* award. In 1993, it became the *NDOA Professional Achievement Award* to reflect NDOA's commitment to and recognition of professional accomplishment as well as an individual's contribution to the advancement of philanthropy. This year we will honor the 27th recipient of the award, and another individual who exemplifies the best of our profession will join the ranks of those whose work has changed the philanthropic landscape of the Northwest.

Please take some time to nominate a colleague, a mentor, a friend—someone who embodies, for you and others, the highest professional standards and personal integrity. We encourage a wide range of nominations that clearly demonstrate the potential recipients' service to NDOA and/or the overall profession. All will be thoughtfully considered.

**Nominations must be received by January 21, 2011!**
